Core Competencies

AutoWeb Technologies is a global web design & programming firm with extensive experience in website and web application development, mobile applications, project management, and system hosting. We work with a wide variety of technology stacks and platforms. Our capabilities include:

- System planning/discovery, design, coding/development, testing, and deployment.
- ASP.NET/SQL Programming (Websites & Web Applications)
- PHP/MySQL Programming (Websites & Web Applications)
- WordPress design and custom framework development
- Magento & WooCommerce
- Laravel – Custom Applications/CMS
- Android / iOS Application Development
- Angular JS/VueJS/React – Recommended for Single Page Applications which have almost instantaneous response and hence are super-fast. Angular and React Native can also be used to develop highly scalable mobile applications.
- Dotnet MVC/Dotnet Core – Recommended for large scale business applications with MSSQL or MYSQL as the database.
- Website security (DDos, SSL/PCI compliance, Malware, Firewall)
- Technical Support & Documentation (Helpdesk)
- Graphic Design – UI/UX & logos
- Usability Design and Analysis
- Content Copy writing, editing, proofreading
- Content Management – Ongoing updates and content maintenance
- Extensive Project Management and Facilitation
- Beta Testing and Quality Control Services
- Digital Marketing – Full suite of SEO/PPC services available

Differentiators

What differentiates our firm from many other web design firms is as follows:

- **EXPERTS** - Founded in 2003, our company has worked with over 1500 different companies, worldwide, in a wide variety of industries.
- **FOCUS** – We employ a global team with a variety of talent, experience, passion, and creative flexibility that allows us to work under strict deadlines and requirements with comfort.
- **TRUST**
 - We are committed to excellence in deliverables and are currently pending **ISO 9001** certification (pre-audit stages). **ISO 9001** is the international standard used by organizations to demonstrate their ability to consistently provide products and services that meet customer and regulatory requirements and to demonstrate continuous improvement.
 - Company is a debt-free, established business, founded in 2003 with a high credit rating.
